

# Save the Dates and Join us for a Radiology CME Conference in 2011-2012

## 2011 OTTAWA CONFERENCES

**ESSENTIALS OF EMERGENCY & TRAUMA RADIOLOGY** • October 15-16, 2011

**MULTI-MODALITY GYNECOLOGICAL AND OBSTETRIC IMAGING** • October 28-30, 2011

## 2012 CONFERENCES

**BREAST & BODY: STATE-OF-THE-ART IMAGING IN ARUBA** • February 20-24, 2012

**ONCOLOGY IMAGING: FROM BASICS TO STATE OF THE ART IN OTTAWA** • July 12-15, 2012

**NEUROIMAGING UPDATE AT MONT TREMBLANT, QUÉBEC** • March 2-4, 2012

**BREAST IMAGING UPDATE IN MONTEBELLO, QUÉBEC** • September 28-30, 2012

**2ND ANNUAL OTTAWA RESIDENT REVIEW COURSE** • March 25-30, 2012

### BREAST & BODY: STATE-OF-THE-ART IMAGING IN ARUBA

February 20-24, 2012 • Westin Resort Hotel, Aruba

This course will include in-depth topics related to advanced breast imaging and cross-sectional abdomino-pelvic imaging. State-of-the-art topics will include: breast MRI and diffusion-weighted imaging, breast specific Gamma imaging, tomosynthesis, mammography, breast ultrasound, and biopsy and liver MRI. In addition, pelvic sonography guidelines and pearls for hernia evaluation will be covered. We will also be holding sessions on radiation safety in breast and abdomino-pelvic imaging and departmental quality assurance.

#### Guest Faculty

- **Dr. Bruce A. Porter**  
Medical Director  
Swedish/First Hill Diagnostic Imaging, LLC  
Clinical Associate Professor of Radiology  
University of Washington, School of Medicine  
Seattle, Washington
- **Dr. Hero Hussain**  
Associate Professor, Chief, Body MRI  
Director of Clinical MRI Service  
University of Michigan, Ann Arbor, Michigan, USA

#### University of Ottawa Faculty

##### CO-COURSE DIRECTORS:

- Dr. Ania Z. Kielar
- Dr. Jean M. Seely

##### FACULTY:

- Dr. Geoffrey Doherty
- Dr. D. Blair Macdonald
- Dr. Shilpa Lad

### NEUROIMAGING WEEKEND UPDATE IN TREMBLANT

March 2-4, 2012 • Fairmont Mont Tremblant, Québec

This course will focus on imaging and management of pathology seen in the acute neuroimaging practice. It will concentrate mainly on imaging topics which are commonly encountered as either emergencies or as acute presentations. In addition, the course will review entities which are typically seen in a daily neuroimaging practice. Both didactic and case-based learning formats will be presented with ample time for questions and discussion.

#### Guest Faculty

- **Dr. Mauricio Castillo**  
Professor and Chief, Neuroradiology Division  
Editor-in-Chief, American Journal of Neuroradiology  
University of North Carolina School of Medicine, Chapel Hill, NC
- **Dr. Raquel del Carpio-O'Donovan**  
Professor and Vice Chair Department of Radiology  
Associate Director Radiology MUHC  
Program Director Neuroradiology  
McGill University Health Center  
Montréal, Québec

#### University of Ottawa Faculty

##### CO-COURSE DIRECTORS:

- Dr. Cheemun Lum
  - Dr. Carlos Torres
  - Dr. Julie Huteau-Miller
  - Dr. Elka Miller
  - Dr. Michael S. Kingstone
  - Dr. Marlise P. dos Santos
  - Dr. Thanh B. Nguyen
- ##### FACULTY:
- Dr. Mark E. Schweitzer
  - Dr. Santanu Chakraborty
  - Dr. William Miller
  - Dr. Rafael Glikstein
